THE PORTRAIT

Throughout history, people have been captivated by art with portraiture in particular. From ancient Egyptian wall paintings to arguably the most famous portrait ever created, the "Mona Lisa" by Leonardo da Vinci.

Portraits were the original photograph – a way to capture family history, a special occasion and often a moment of love. We have brought the timeless romance of portraiture, once the preserve of nobility, within the reach of discerning clients.

Our artists will turn a cherished photograph into a bespoke hand-painted oil portrait, to your individual specifications. The celebration of a special moment in time will become a truly unique piece of family art.

A bespoke portrait is one of life's exclusive and true symbols of love, commitment and honour. It stands apart from other luxuries as not only an investment in today, but also the future, a treasured heirloom handed down through the generations.

THE OCCASION

Whether you are planning a wedding, celebrating a special birthday or anniversary, an oil painting can make it a unique occasion. Giving or receiving a specially-commissioned portrait is one of life's rare and unforgettable moments. Every glance, gaze, moment of reflection or contemplation takes you back to that special moment in time.
